

Grade 06 Lesson Topics

Content
Term 1
1. Circles 2. Place Value 3. Mathematical Operations on whole numbers 4. Time 5. Number Line 6. Estimation and Rounding off 7. Angles 8. Directions
Term 2
9. Fractions 10. Selecting 11. Factors and Multiples 12. Rectilinear plane Figures 13. Decimals 14. Types of Numbers and Number Patterns 15. Length 16. Liquid Measurements 17. Solids
Term 3
18. Algebraic Symbols 19. Constructing Algebraic Expressions and Substitution 20. Mass 21. Ratio 22. Data Collection and Representation 23. Data Interpretation 24. Indices 25. Area
